

Hi there Year 4,

I am Mrs Henshaw and I will be one of your Teaching Assistants working with you in Year 4. This will be my 2nd year in Year 4 and I am super excited for the topics we will be doing together (I think my favourite has to be volcanoes).

As some of you know, I have two children at Outwoods and they are 10 and 7 (soon to be 8). During lockdown we have been exploring Burton and have discovered so many new places such as Sinai Woods and Fauld Crater (definitely worth a visit). We have raised butterflies, hatched aquadragons and built homes for bees and hedgehogs! Hopefully, when we are all back in September, we can share stories about our summer adventures.

I am really looking forward to getting to know you all. I hope you have an amazing summer holiday and I'll see you all in September.

Take care,

Love from Mrs Henshaw x
