

School will be closed tomorrow (Monday 25th).

The reason is the adverse weather conditions with high volumes of snow and the overnight forecast of freezing weather. The decision is never taken lightly but the safety of staff and pupils is of paramount importance. On this occasion the situation is made more challenging by the current bubble arrangements which means we cannot merge groups or move staff. Home learning will be available for all pupils tomorrow. We apologise for any inconvenience and will keep you posted about Tuesday.
